

Pioche Weekly Record

THURSDAY, OCT. 26, 1933.

Arrival and Departure of Mails

PIOCHE AND MILFORD.
Arrives Sundays, Wednesdays and Fridays at 6:30 a. m.
Departs Sundays, Wednesdays and Fridays at 8 a. m.
PIOCHE AND ELY.
Arrives Tuesday and Saturday, at 6:45 p. m.
Departs Monday and Friday at 8:00 a. m.
PIOCHE AND HELENE.
Arrives Tuesday and Saturday, at 6:00 p. m.
Departs Monday and Friday at 8:00 a. m.
PIOCHE AND HILO.
Arrives Tuesday and Friday at 6:00 p. m.
Departs Saturday and Wednesday, at 10:00 a. m.

POSTOFFICE HOURS.

8 A. M. TO 7 P. M.
SUNDAYS.
6 P. M. TO 7 P. M.

No money orders issued or letters registered after 6:30 p. m. and none on Sundays.
JOHN SHIER, P. M.

LOCAL INTELLIGENCE.

John E. Lynch of Desert Springs has been in town for the past few days.

Salt Lake Beer at Thompson's, at the low price of \$2.50 for a dozen bottles.

Panama was well represented in town yesterday. The delegation was headed by Chas. Ronnow, sr.

Several communications, crowded out this week for lack of space, will appear in our next issue.

If you want a dozen bottles of assorted Soda or Sarsaparilla at \$2.50, call at Thompson's.

Judge Sawyer departed to-day for Cedar, Utah, on legal business. He will be absent about a week.

Judge Talbot and ex-Judge Rives came in from Ely by private conveyance on Monday evening, to attend the sitting of the District Court.

Alex. Thompson has just received a carload of Salt Lake Bottled Beer, Soda and Sarsaparilla, which he is rapidly disposing of.

Make preparations for paying your taxes. Death and taxation and more inflections from Cleveland are certain to occur.

Many teams are on the road between Helene and Milford loaded with Monitor ore. Another shipment of 100 tons has just been completed.

JOB PRINTING in all its branches, equal in style to any, done at this office.

Judge A. L. Thorne came in yesterday from Delma's ranch, where he has been sojourning all summer, and will leave for Helene in the morning.

J. E. White has returned from a prospecting trip to the southern part of the county and reports that that section will be lively the coming winter.

Last Friday night's dance was all that its promoters expected it to be. A good crowd was present and all enjoyed themselves. As a farewell tip to the brass band, the boys entered into the spirit of the occasion and went it with a rush, though the times are dull.

Alex. Thompson is providing for the wants of the people of Pioche during the warm weather, having just received a carload of Salt Lake Beer, Soda and Sarsaparilla, which he is disposing of at \$2.50 for a dozen bottles.

Breathes there the man with soul so dead, who never to himself hath said, "I'll pay before I go to bed, the debt I owe the printer." Yes there are some, we know full well, who never such a tale can tell; but they, we fear, will go to—well, the place where there is no winter.—Ex.

The House bill to suspend for the year of 1933 the law requiring that \$100 worth of labor be expended or improvements made on each mining claim, passed the Senate Friday with an amendment excluding corporations from its benefits. A conference was asked.

C. E. Goodrich departed on Tuesday's stage for San Francisco, where he will engage in manufacturing the shade roller recently invented and patented by him. It is thought that curtains will be on the market within two months' time. Good luck to the enterprise, say we for more reasons than one.

As a result of the outlook for silver, indicated by the latest dispatches, the Poorman mine discharged all hands, twenty in number, last evening and work will not be resumed until the metal market takes on a better attitude than of late. With silver and lead at the prices ruling last Spring only, the Poorman would continue to work not less than fifty men during the approaching winter, as the mine is said to be looking better now than for a long time past, several faces of high grade silver lead ore being in sight. The only course open is to hold the ore in the mine and await the outcome of the present crisis.

Our Hiko correspondent writes that "T. E. Edwards was in Hiko last week. He gave us a glowing account of Helene mines. The last seen of him he was sitting on the creek bank fishing by moonlight. The Fall Races commence in Pahrnagat on the first day of November. Mackey and Richards are training their horses daily. Many preparations are being made prior to the great event of the season. The Midwinter Fair at San Francisco will be nowhere in com-

parison. Come, everybody, but remember some one horse must lose."

Prospectors have great faith in the permanency and richness of the gold mines in southeastern Nevada.

The Chinese are said to be exempt from cholera because they drink nothing but tea made with boiling hot water.

"Nearer My God to Thee," was rendered by the band at Ellsworth, Kansas, recently as an aeronaut made his balloon ascension.

Mining Location Notices for sale at this office.

When some young men see a girl who is a little fly, it often occurs to them that they'd like to be the spider.—Nation.

Hall's Hair Restorer contains the natural food and color-matter for the hair, and medicinal herbs for the scalp, curing grayness, baldness, dandruff and scalp sores.

John Roeder is preparing to take to the road. He received two wagons to-day, front and trail, fitted up especially for the southern country, with broad tires and heavy springs, etc.

At Newark, N. J., Albert Ellsworth pleaded guilty to kissing another man's wife and was sentenced to publicly kiss his own wife, which he did with gusto, and she was reconciled.

The outlook for silver and the poor markets at Salt Lake have deterred several parties from shipping lots of ore they have recently extracted. Onondago shipments, from this cause, will be held for the present.

When a doctor considers it necessary to prescribe sarsaparilla, he simply orders a bottle of Ayer's, knowing full well that he will obtain thereby a surer and purer preparation than any other which the drug-store can furnish. Ayer's Sarsaparilla is the Superior Medicine.

Elmer Young, an Oswego man, felt funny the other morning, and he said to Mrs. White, who was going to the grocery, "Trot along after your coal oil, sis." She had him arrested, and the court decided that "sis" was slander and gave her a verdict for \$50.

Invalids should remember that the causes of sick and nervous headaches may be promptly removed by taking Ayer's Pills. These Pills speedily correct irregularities of the stomach, liver and bowels, and are the mildest and most reliable cathartic in use.

Professor King, State Superintendent of Public Instruction, proposes to hold a State Teachers' Institute in Reno during Thanksgiving week. An act of the last Legislature provides that teachers may attend Institutes without loss of salary, and it is probable that there will be a large attendance.—Journal.

Our taxpayers should remember that if their taxes are not paid on or before December 10, 10 per cent will be added. This is a big interest. To avoid accidents, it would be better to pay before the penalty is at hand. Treasurer Dooley is willing to write a receipt at any time when he receives the duca.

A telegram received from Walla Walla, Washington, to-day stated that Napoleon Dupont had been accidentally killed. How the unfortunate event occurred was not stated. Mr. Dupont's family reside at the Wells four miles from town, and consists of five children, two of whom are nearly grown.

Herman and Ed. Freudenthal left this afternoon for their new mine at Comet district. A comfortable house has been erected, a stock of provisions laid in and the boys will proceed to develop their bonanza despite the fact that silver bars 1000 fine are worth comparatively nothing at present.

Foster, the weather prophet, says: "I have just completed my calculations as to the temperature and the storms of the coming winter. It will be a 'hard winter.' I do not mean that it will average excessively cold, but excessively changeable. Temperature, like rainfall, is excessive and deficient in spots, and while the temperature of the coming winter will be about an average of past winters, it will run to great extremes, and those extremes will usually occur in limited areas."

SUICIDE.

A commotion on McCannan street last Friday, just before noon, drew a crowd to the house recently occupied by C. B. Wadleigh, who was found raving around with his throat cut almost from ear to ear, a corn-knife in his hand, blood pouring all over him. Among the first to arrive was Ed. Freudenthal, who, after some effort, succeeded in disarming the man. Wadleigh was crazy from the effects of morphine, to the use of which he was addicted, and was most determined to end his existence. He cut savagely at Freudenthal while he was trying to take the knife from him, but without injury. Dr. Campbell was summoned at once and an examination showed a gash of nearly seven inches in length, besides two small ones. The carotid artery was tapped and the windpipe entirely severed.

After sewing and bandaging up the wounds the man made some rambling statements on paper of his reason for committing the deed, showing that he was at the time completely out of his head. He lived about twelve hours after the slashing, and was buried on Sunday afternoon.

Deceased was an old timer in the State, following the White Pine, Eureka and other mining excitements, and coming here from Ely about three years ago. He was a sport by profession and sixty years of age.

RAILROAD MEETING.

Last Thursday's call for a railroad meeting at the District Court room for Saturday night resulted in a good turnout and a rousing meeting was the result, where all finally entered unanimously into the adoption of the following resolutions, after some desultory discussion of the important points involved. The principal speakers of the evening were J. Eisenmann, Wm. Culverwell and J. A. Denton, and the following resolutions met the unanimous approval of all present:

Whereas, The resources of Lincoln county in gold, silver and lead ores, large deposits of salt, sulphur and other articles of great commercial value, besides its agricultural possibilities in its twenty thousand square miles of territory, when once systems of irrigation are adopted, are easily and quickly recognized by all who consider them; and

Whereas, The development of these resources, both mineral and agricultural, on any scale commensurate with their magnitude is impossible without ready and economical means of transportation, and

Whereas, The long expected relief in this regard from the Union Pacific Railroad Co. is rendered less probable each year, that road being now in the hands of Receivers; and

Whereas, The Nevada Southern Railway Company is now and for some time past has been actively engaged in the construction of a line of railroad northward from the Atlantic & Pacific railroad on the south, with the Yellow Pine mining district in Lincoln county as its present objective point; and

Whereas, It is understood the said Nevada Southern Railway Company will, if promises of business justify, continue the construction of its said railroad northward throughout almost the entire length of said county in the near future, and, in such an event, recognizing the manifold benefits to result to the people of Lincoln county therefrom; therefore be it

Resolved, That we extend the hand of friendship to the Nevada Southern Railway Company and pledge to it, in the extension of its line of road through our county, our heartiest co-operation and support. That as soon as the said road shall reach northward sufficiently far to make it practicable, we will extend to it our patronage in the transportation of merchandise, ores and mineral output, and will also use our best influence to secure, if possible, a re-enactment of the statute of 1887, passed by the Legislature of the State of Nevada, entitled "An Act to encourage the construction of railroads," which said act has since expired by limitation; doing this under a full realization of the fact that aid to the railroad means aid to ourselves, and which cannot in the end fail to make Lincoln county the most prosperous in the whole State of Nevada.

H. E. FREUDENTHAL, Chairman.
ALEX. I. HARRISON, Secretary.
On motion, a copy of the above was forwarded to the Secretary of the Nevada Southern at Denver. The company can rest assured that the advent of their road from the south is a consummation devoutly to be wished, and the quicker it comes, the sooner will Lincoln county revive from the incidental depression created by the blue outline for her mining industries in the silver line.

DISTRICT COURT PROCEEDINGS.

The volume of business to come up at the present sitting of the District Court is light and Judge Talbot will not be delayed here beyond Sunday next.

There are no cases to come up for trial this sitting. On Tuesday, motions to set aside judgments in the cases of Griffin vs. McFadden and Gelabert vs. Wertheimer were heard and changes granted in each. Yesterday a decree of divorce was ordered in favor of Annie Stalker against George Stalker on the ground of failure to provide. Plaintiff has resided in this county about a year only, for the most part at Lake Valley.

Jacob Spillman was admitted a citizen of the United States, revoking all allegiance to the Republic of Switzerland. In the case of A. Aguayo vs. Jos. McGuffie, relating to land situated in Pahrnagat Valley, demurrer of defendant was overruled and time given to answer.

To-day a motion for a new trial in the case of I. C. Stump vs. D. L. Wertheimer & Co., was argued and the matter taken under advisement by the court.

An Alleged Imposter.

Something akin to a sensation among the church-going people of town, was created last Friday night by the receipt of a telegram from Father McManus at Salt Lake to W. J. Dooley here, instructing him to have Father Luris, who for a week previously had been officiating at the Catholic Church, arrested as a fraud. Friday evening's services were brought to an abrupt close by a presentation of the message. Father Luris was much angered at the telegram, but left the church, and after remaining over here during Saturday, left town about in the evening. The alleged imposter was very zealous in his calling and made many friends during his six days stay. Telegraphic inquiries to Salt Lake brought a reply from Bishop Scanlan to the effect that he did not recognize Luris as a priest, but beyond this nothing was learned. Father Luris is a man about sixty-five years of age, speaking English with a decided German accent and claims to be long to the order of Jesuits, acting as a missionary, and claimed a right to preach his religion wherever and whenever he pleased.

Foster predicts that the first storm wave of November will cross the Western mountains by the close of Oct. 30th, and the cool wave will cross the Western mountains about November 1st.

SILVER DOOMED!

The Repeal Bill Will Pass and the Conspirators Win.

Southern Senators Desert the Cause and the Silver Men Give Up All Hope.

A Vote will be Taken Saturday

THE BIG BULLDOZER REJOICES OVER THE RUIN HE HAS WROUGHT.

Doings in Salt Lake City.

Special Dispatches to THE RECORD.

NEW YORK, Oct. 26.—Silver, 72½; Copper, \$9.50; Lead, \$3.30.

SALT LAKE, Oct. 25.—A special from Washington last evening says that within 24 hours the apparent certainty of a compromise has changed into the danger of the passage of the unconditional repeal bill, when within six votes of securing the necessary majority of Democrats for the passage of the measure and when everyone was anticipating its introduction by Senator Voorhees either to-day or to-morrow. Last night Cleveland sent out his ultimatum and this morning followed it by vigorous expressions of condemnation, which were promptly carried to the Senate chamber, a consequence of which was the assurance of the administration Democrats to fight to a finish, and that the attempt to wear out the friends of silver would be carried on from day to day.

The opinion is now general among Senators who will discuss the question at all, that the compromise bill over which they were so sanguine Saturday will never be introduced in the Senate. The reason for this is that the compromisers have been unable to get a sufficient number of pledges to guarantee the passage of the bill, and they have said from the beginning that unless they could secure a majority they would not introduce it.

WASHINGTON, Oct. 24.—Yesterday Senator Jones resumed his speech in opposition to the unconditional repeal bill. Senator Stewart gave notice of an amendment to the repeal bill providing for a Pan-American monetary conference for the purpose of adopting a common silver coin to be legal tender between the countries represented. It is thought this arrangement will force Europe to adopt free coinage.

President Cleveland killed the Senate compromise measure and the fight for unconditional repeal is still on. There were indications of a change on the part of the Silver Senators yesterday, but they quietly rallied and announced their determination to keep up the fight.

It is proposed by co-operation of the Mexican and United States governments to make the Colorado river navigable for 900 miles from its mouth which would bring navigation within reach of the mining camps along the northern boundary of Arizona.

NEW YORK, Oct. 25.—Although 2,350,000 ounces of silver bullion were offered to the Treasury Department yesterday, no purchases were made, as it was held at above market price.

It is stated positively that the Corbett-Mitchell fight will come off about the date originally named. If it cannot be held at Coney Island the sluggers will probably go to some southern city.

SALT LAKE, Oct. 25.—Word from Washington last evening brought the news that the Western Senators had been deserted by those of the South and the last ditchers are stampeded. The Southern Senators announced that they would no longer oppose a vote on the repeal bill and the Republican silver Senators gave up the fight. It is expected that the repeal bill will be passed before the end of the week.

Additional information is contained in a special dispatch received at an early hour this morning. It seems that the indications are that a vote will soon be reached in the Senate. There is still a remote hope that the opponents of repeal will be able to get in an amendment, but generally speaking, their fight is practically at an end. How the Southern Senators betrayed the silver cause was in this manner: At 12:30 Senator Harris, acting for the silver Democrats, informed the silver Republicans that the Democrats had concluded, after taking all the circumstances into consideration, that their best course was to desert the fight against repeal and allow it to come to a vote. This will end the past fight, said he, and the result will be in accordance with the President's wishes and those of the repealers in the Senate.

The silver Senators will not undertake to prolong the fight beyond the time necessary to complete their arguments, and will, after that, permit voting to begin on the amendments to the bill. The Western Senators feel pretty blue, and ex-Congressman Bartine of Nevada, who is now in Washington, said: "I expect to see silver go to forty cents a ounce. There is only one thing to prevent it and that is the shutting down of all the big silver mines, which will be the case in Nevada. At the same time I think unconditional repeal much better than the compromise proposed, because with that we would have little opportunity to go before the people with any hope of winning a silver victory. Now we may have made such strides toward it in the next election that even as unfavorable an executive as President Cleveland would be compelled to do something for silver."

The silver men all say very frankly that they prefer unconditional repeal to any such compromise as agreed on among the Democrats last Saturday.

SALT LAKE, Oct. 26.—A special received last evening says that President Cleveland is very much gratified at the turn affairs have taken in the Senate, though he has believed all along that the unconditional repeal bill would pass.

The President will have no suggestions to make as to adjournment or recess after Congress passes the repeal bill, though he is anxious to have the bill extending the time for the Chinese to register pass before the adjournment. The last doubt as to what might be done in the Senate on the repeal bill seemed to be removed this morning when Bland, the great free silver champion of the House, gave up all hope. He had just returned from the Senate, where he had been conferring with the silver leaders. He said to an Associated Press reporter that he had no idea that any further effort would be made to prevent a vote on the Voorhees bill in the Senate. A few speeches would be made and when completed the vote would come.

WASHINGTON, Oct. 26.—Congress will adjourn immediately after unconditional repeal has been accomplished. The final vote on the repeal bill will probably be reached Saturday. Many amendments will be proposed and debated. Senator Pugh yesterday blamed the administration for the failure of the compromise measure and declared that he was willing to continue the fight. President Cleveland is highly pleased over the defeat of the silver cause.

and will, after that, permit voting to begin on the amendments to the bill.

The Western Senators feel pretty blue, and ex-Congressman Bartine of Nevada, who is now in Washington, said: "I expect to see silver go to forty cents a ounce. There is only one thing to prevent it and that is the shutting down of all the big silver mines, which will be the case in Nevada. Many amendments will be proposed and debated. Senator Pugh yesterday blamed the administration for the failure of the compromise measure and declared that he was willing to continue the fight. President Cleveland is highly pleased over the defeat of the silver cause.

NEW YORK, Oct. 24.—A dispatch from London says money is becoming scarce in India and a panic is threatened.

CHICAGO, Oct. 26.—The total World's Fair attendance passed the twenty million mark Tuesday. In response to a request from the managers of the Midwinter exposition, Senators White and Perkins of California called at the Department of State in Washington yesterday to enlist the influence of the department with the German government for the transfer of that government's exhibit in this city to the Midwinter Fair. Secretary Gresham officially recommends that the transfer be made.

SALT LAKE, Oct. 24.—The interest of the day yesterday centered largely in the Liberal Convention, which nominated a complete ticket as follows: For Mayor, J. C. Conklin; for Marshal, S. C. Ewing; for Treasurer, Harry Duke; for Recorder, John P. Austin, jr.; for Police Justice, D. C. Eichner. For the Legislature, Upper House or Council, E. W. Taylor, P. J. Moran, H. E. Booth. For Lower House, O. W. Powers, C. E. Allen, C. P. Mason, Clarence E. Hall, Simeon Pigman, M. K. Parsons. Considerable enthusiasm was manifested, particularly when Powers' name was placed in nomination. The leader of the Liberals received a perfect ovation and was nominated by acclamation.

The House concurred in the Senate amendment yesterday as to the property of the Mormon church, and it has now gone to the President to be signed. This refers to the personal property of the church only, and not the real estate. It is confidently expected that the case now pending before the U. S. Supreme Court for the return of the real estate of the church will be brought to a head favorably to the church, and the passage of this bill will hasten and influence the judges in their decision.

SALT LAKE, Oct. 25.—The City Council last night refused again to refund the money filched from the school fund on an overcharge or sewer extension, denied the petition of others, who had paid for a sewer extension, that the sewer be connected or the money refunded, and also allowed bills to more than \$20,000.

It is stated that J. R. Walker has withdrawn as a Republican candidate for the Legislature. The Citizens party hold a grand rally in the theatre this evening.

A special from Ogden last evening says that a mass meeting of Liberals was held there yesterday evening and after much debate it was voted not to place a ticket in the field at the coming election. The party has grown weak through the desertion of the principal members and had no chance of success, hence the action of yesterday. The rest of the Liberal party

has scattered to other parties, many taking places in the Republican ranks.

The Western passenger line fear a general demoralization in passenger rates unless the Union Pacific can be brought into the association.

SALT LAKE, Oct. 26.—The Democrats of Ogden nominated their city ticket last night. The Citizens party held what is considered to have been the largest ratification meeting ever held in the Territory, in the theatre last night. Speeches were made by Mayor Baskin, P. L. Williams, W. G. Van Horn, Rev. T. C. Hiff, Bishop Whitney and others. An overflow meeting was held on the outside of the building.

The Tribune concedes the weakness of the Liberal ticket this morning. Another installment of bond money will shortly be received.

The Receivership seems to agree with the Union Pacific, as business commenced to pick up immediately after the road passed into the hands of the court. The business shows a very handsome increase all over the line, in all avenues of traffic. The statement of the National Banks of Utah of their condition at the close of business October 24, shows an increase in the reserve of six per cent.

TELEGRAPH BREVITIES.

Last Saturday the steamship Campana beat all previous records between Queenstown and New York, the time being five days three hours and thirty-seven minutes.

The Brazilian rebels at Rio Grande do Sul defeated the loyalists in a fiercely fought battle at Ibiocli. A thousand persons were killed. President Piexoto is causing many of his political enemies to be beheaded.

W. C. Rippey, who shot John W. Mackay, was sentenced to pay a fine of \$250.

Another terrible railway accident occurred at Battle Creek, Mich., Friday morning. Twenty-six people were either killed outright or burned to death. The accident was caused by the negligence of the engineer.

The Boundary Survey.

The coast and geodetic survey, under the direction of Chief Engineer Sullivan, is at work in the vicinity of Lake Tahoe, says the Journal. So far as the survey has progressed, Nevada loses and gains territory. The dividing monument at the State Line house has been moved into Nevada about half a mile, but at the other side of the lake near Hot Springs the stone monument will be moved back about half a mile into California. Thus things are even.

A Rare Chance for Housekeepers.

Intending to leave town, I offer for sale my entire household furniture, and also the residence, situated on McCannan street. The furniture, both parlor and kitchen, is in good condition, and the dwelling in first-class repair. As I want to dispose of the entire property before my departure, great bargains will be given.
J. B. WHEELER.

NEW TO-DAY.

DR. A. BJORNSON,
Physician and Surgeon

Office and Residence, at former residence of John Shier, Meadow Valley St., Pioche, Nevada.

NOTICE.

To Whom It May Concern:

No contracts or obligations of any character contracted by any person but the undersigned, or by his written consent, against the Helene Saw Mill, Lincoln County, Nevada, will hereafter be paid or honored.
WM. CULVERWELL,
Manager Helene Saw Mill.
Dated Pioche, Nevada, October 18, 1933.

NOTICE.

Johnnie Hunter left the State Orphan's Home at Carson about the 13th of last month. He is of light complexion, blue eyes and is about fourteen years old. He is believed to be working at some ranch near Reno. Any one knowing the boy's whereabouts will confer a favor by writing his mother, Mrs. Lizzie Foster, at Pioche, Nevada.

Notice of Intention to Apply for a Permit to Cut Timber on Public Land.

NOTICE IS HEREBY GIVEN THAT THE undersigned are about to make application to the Hon. Secretary of the Interior, for permission to cut timber on unsurveyed Government land of the United States, situated in the County of Lincoln, State of Nevada, which land is described as follows, to-wit: One hundred and sixty acres of land situated about eight miles south of Olive Valley, said county, being a portion of the land owned by the State of Nevada, and which land, if surveyed would be on the south line of Township No. 8 South, Range 5 East, Mount Diablo Base and Meridian, and is about twenty miles distant from any Government surveyed land. Said land contains about one hundred thousand feet of pine timber suitable for manufacture into lumber.

L. L. WOODS,
O. L. EDWARDS.
Dated Pioche, Nev., Oct. 13, 1933.

B. L. DUNCAN,

Notary Public

FOR LINCOLN COUNTY.

HELENE, NEVADA.

NOTICE.

All persons indebted to the Pioche Brewery and to the undersigned, will please call and settle immediately, as no further notice will be given.

Any and all accounts unpaid January 30th will be collected by law.

CHAS. STEIN,
Pioche Brewery Saloon.
Pioche, Nevada, January 5, 1933.

SILVER IS LOW!

AND TIMES ARE HARD.

But we have cut our prices to suit the times. Read and reflect. Our entire line of Low shoes must go, as we do not intend to carry them over.
Infant's Slippers, 50 cts, worth 75 cts.
